STUDENT SEMINARS-ENGLISH

5

STUDENT SEMINARS

AIMS AND OBJECTIVES

1. To identify practical learning skills and concepts that will promote students' academic success.
2. To encourage students to explore the connection between undergraduate study and life enrichment, life long learning and civic responsibility.
3. Enhances soft skills like communication and critical thinking.
4. Facilitates deep learning on a subject by encouraging research, promoting communication skills and fostering critical thinking.
5. Cultivates interaction between students and enhances their confidence and knowledge in presentation skills.

OUTCOMES

1. Student gains presentation skills and students will be able to present the topic clearly in an appropriate manner.
2. It helps retention, as experiential learning knowledge lingers longer.
3. Encourages peer to peer learning and fosters critical thinking.
4. Often promotes active participation and engagement in the learning process.

Andhra Christian College::Guntur

Department of Botany

Seminar Report

Seminar Report on “Types of Pollination, Pollen – Pistil Interaction and Fertilization”

Name of the Activity: Seminar on “Types of Pollination, Pollen – Pistil Interaction and Fertilization”

Date & Time: 18-02-2022, 11 a.m.

Venue: Department of Botany, Andhra Christian College, Guntur

Guest Speaker: Mrs. Uma Devarapalli, Lecturer in Botany, Govt. Degree College for Women, Guntur

Participants: Sr. Inter, I & II B.Sc. students, and PG Botany students and faculty

Faculty Present: Dr. V. Ezra Vijaya Sekhar, Head of the Department of Botany, Mrs. G. Nirmala Kumari, Mr. M. P. Satyakeerthi, Mr. T. D. Raja Sekhar, Dr. D. Phebe Sarah, and Mrs. G. Venkata Lakshmi.

Objectives:

1. To bring awareness among the students about the importance of Pollination in plants.
2. To create awareness of the importance of pollen – pistil interaction for fertilization.

Description of the Event:

As part of the academic curriculum, the Department of Botany organized a seminar on the topic "Types of Pollination, Pollen – Pistil Interaction and Fertilization." The seminar aimed to enhance the students' understanding of essential botanical processes fundamental to plant reproduction and biodiversity.

Guest Speaker:

Mrs. D. Uma, an experienced lecturer in Botany from Govt. Degree College for Women, Guntur, was invited to deliver the lecture. Her expertise in the subject matter provided valuable insights into the intricate mechanisms of pollination and fertilization.

Content of the Lecture:

Mrs. Uma began the seminar by introducing the basic concepts of pollination, discussing its types such as self-pollination and cross-pollination. She elaborated on the adaptive significance of each type and provided examples from different plant species to illustrate these concepts.

The lecture then transitioned into a detailed explanation of pollen-pistil interactions. Mrs. Uma described the processes that occur from pollen deposition on the stigma to the successful fertilization of the ovule. She emphasized the molecular and physiological interactions that facilitate this process, making the content accessible and engaging for the students.

Outcomes:

- **Enhanced Understanding:** The seminar successfully increased the students' knowledge about the different types of pollination and their importance in the plant life cycle. Students gained a deeper appreciation for the complexity and elegance of plant reproductive strategies.
- **Awareness of Biological Interactions:** Students learned about the critical role of pollen-pistil interactions in ensuring successful fertilization. This understanding is crucial for comprehending broader ecological and evolutionary processes.
- **Student Engagement:** The interactive session, where students could ask questions and discuss their thoughts with Mrs. Uma, further enriched their learning experience. The enthusiasm and curiosity displayed by the participants indicated a high level of engagement and interest in the topic.

Conclusion:

The seminar on “Types of Pollination, Pollen – Pistil Interaction and Fertilization” was a highly educational and successful event. The students left with a better understanding of vital botanical concepts and their applications, meeting the seminar’s objectives comprehensively. The faculty's presence and active participation further highlighted the importance of the topic and provided a comprehensive learning environment for the students.

Department of Mathematics

Seminar Report on "Group Theory: Kernel of a Homomorphism, Fundamental Theorem of Homomorphisms and its Applications"

Introduction

The Department of Mathematics, Andhra Christian College, Guntur, organized a seminar on "Group Theory: Kernel of a Homomorphism, Fundamental Theorem of Homomorphisms and its Applications" on 22-08-2022. The seminar was graced by the presence of Mr. S. M. Subhani, Head, Department of Mathematics, St. Ann's Degree College for Women, Gorantla, Guntur, who served as the resource person.

Objectives of the Seminar

The seminar aimed to provide an in-depth understanding of the concepts of group theory, specifically focusing on:

1. The kernel of a homomorphism.
2. The fundamental theorem of homomorphisms.
3. Applications of these concepts in various mathematical and real-world contexts.

Seminar Proceedings

Opening Remarks

The seminar commenced with an introductory speech by the Head of the Department Dr. B. Vijaya Kumar. The speaker welcomed Mr. S. M. Subhani and highlighted his significant contributions to the field of Mathematics and his extensive experience in teaching.

Mr. S. M. Subhani began his presentation by defining a homomorphism between two groups, emphasizing the structure-preserving nature of these functions. He then introduced the concept of the kernel of a homomorphism, which is the set of elements in the domain that map to the identity element in the codomain.

Key Points Covered:

- Definition of a homomorphism.
- Definition and properties of the kernel of a homomorphism.
- Examples illustrating the calculation of kernels.
- The significance of the kernel in understanding the structure of groups.

After that he delved into the fundamental theorem of homomorphisms, also known as the first isomorphism theorem. He explained how this theorem provides a powerful tool for understanding the relationship between different groups.

Key Points Covered:

- Statement and proof of the fundamental theorem of homomorphisms.
- Examples demonstrating the application of the theorem.
- The role of normal subgroups and quotient groups in the theorem.
- How the theorem aids in the classification of groups.

After that he focused on the applications of the kernel of a homomorphism and the fundamental theorem of homomorphisms. Mr. Subhani discussed how these concepts are utilized in various areas of Mathematics and other disciplines.

Key Points Covered:

- Applications in solving polynomial equations.
- Use in cryptography and coding theory.
- Applications in symmetry and physics.
- Real-world problems where group theory plays a crucial role.

Interactive Session

The seminar also included an interactive session where participants had the opportunity to ask questions and discuss their doubts with Mr. Subhani. This session was highly engaging and provided additional clarity on the topics discussed.

Conclusion

The seminar concluded with a vote of thanks by one of the participants. The participants expressed their appreciation for Mr. S. M. Subhani's insightful presentations and his ability to explain complex concepts in an accessible manner. The seminar was a great success, significantly enhancing the participants' understanding of group theory and its applications.

Acknowledgements

The Department of Mathematics, Andhra Christian College, Guntur, extends its heartfelt gratitude to Mr. S. M. Subhani for his valuable contribution to the seminar. Special thanks to the faculty members, and students for their active participation and support.

Mr. S. M. Subhani, Resource Person for the Seminar, with Participants

The seminar concluded with a vote of thanks by one of the participants

- **Mr. P. Rajesh**
- **Mr. M. John Newton**
- **Mr. N. Mukkanti (P. G.)**
- **Mr. G. Prakasa Rao (P. G.)**

Attendees

The seminar was attended by faculty members and students of the Department of History, Andhra Christian College, Guntur.

Seminar Overview

On the 16th of September, 2022, the Department of History, Andhra Christian College, Guntur, hosted a seminar titled "A View on 18th and 19th Century Social Reforms in India on Gender Sensitization." The session was graced by the esteemed presence of **Smt. G. Manikamma**, Lecturer in History, Andhra Muslim College, Guntur, who served as the resource person for the event.

Opening Remarks

The seminar commenced at 3:00 PM with an opening address by **Mr. M. Siril Kumar**, Head of the Department of History. He welcomed the resource person, faculty members, and students, emphasizing the importance of understanding historical social reforms and their impact on contemporary gender issues.

Presentation by Smt. G. Manikyamma

Smt. G. Manikyamma delivered an insightful presentation, focusing on the significant social reforms of the 18th and 19th centuries in India, particularly those related to gender sensitization. Her talk covered various aspects including:

1. Early Social Reform Movements:

- The role of Raja Ram Mohan Roy in the abolition of Sati.
- The efforts of Ishwar Chandra Vidyasagar in promoting widow remarriage.
- Jyotirao Phule and Savitribai Phule's work towards women's education and upliftment of the marginalized.

2. Legislative Reforms:

- The introduction and impact of laws like the Widow Remarriage Act (1856) and the Age of Consent Act (1891).
- The role of British colonial administration in implementing these laws.

3. Women's Education:

- The establishment of schools and institutions dedicated to women's education.
- Contributions of reformers such as Pandita Ramabai and Sarojini Naidu.

4. Gender Sensitization:

- The impact of these reforms on changing societal attitudes towards women.
- The gradual shift from traditional patriarchal norms to a more gender-sensitive approach in Indian society.

Interactive Session

Following the presentation, an interactive session was held where students and faculty members engaged with Smt. Manikyamma. Questions were raised regarding the challenges faced by reformers, the resistance from orthodox segments of society, and the long-term effects of these reforms on modern-day gender issues in India. Smt. Manikyamma provided detailed and insightful responses, encouraging further discussion and critical thinking among the attendees.

Conclusion

The seminar concluded with a vote of thanks by **Mr. P. Rajesh**, who expressed gratitude to Smt. G. Manikyamma for her enlightening presentation and to all participants for their active engagement. He emphasized the relevance of historical social reforms in understanding and addressing current gender issues.

The event was a significant success, fostering a deeper understanding of the historical context of gender sensitization and inspiring attendees to continue exploring and addressing gender issues in contemporary society.
